THE AIRMENT CONFERENCE AT WASHINGTON

Seligman Charges European Governments And United States With Attempt To Shoulder Europe's Bankruptcy On China

By HERBERT J. SELIGMAN, WASHINGTON, D. C., Nov. 18. This is the second of a series of articles by the author of "The Negro Debt Problem" and "The Negro Debt Problem."

Washington has become an international bazaar center. The agents of European governments and the United States are there trying to arrange to make Asia, that is China and Siberia, pay for Europe's bankruptcy. They are talking about "white Australia" and are appealing to the agents of the United States to help them. They are talking about "white Australia" and are appealing to the agents of the United States to help them.

Two of the chief European powers were not invited to Washington. The governments of Japan and the United States, with the assistance of the United States, have been trying to make Asia, that is China and Siberia, pay for Europe's bankruptcy. They are talking about "white Australia" and are appealing to the agents of the United States to help them.

Germany is lashed with an enormous indemnity which her people have to pay to the victors in the war. But the victors want to get more than the war and still get milk from that. They want, and especially France, want to get more than the war and still get milk from that.

That is all this has to do with the Airmen Conference?

Simply this, that that part of Europe, Germany and Russia, which ought to be paying for the war, are now trying to get more than the war and still get milk from that.

Great Britain in the Chinese city of Hong Kong and France in the Chinese city of Shanghai, have acquired the right to have their own courts and even their own police.

Germany had "hauled" the city of Tientsin in the province of Shan Si, and Japan had "hauled" the city of Tientsin in the province of Shan Si.

Every one of these robber governments, past protesting that they want the "Open Door" in China, which means that all citizens are to be accorded equal opportunities to trade.

SAYS COLOR WAR MAY FOLLOW IF CONFERENCES FAIL

British Writer Believes Success Will Bring More Than Limitation

By LOVAT FRASER, (Noted British Military Writer and Contemporary Historian.)

LONDON, Nov. 18.—Does Japan mean to attack the United States? The question may sound startling to British ears, but I ask it in no war-mongering spirit. No American will think strange a question which the American newspapers constantly discuss the possibility of a sudden onslaught by the forces of Great Britain and Japan.

Mark well those words "next year." In the spring of 1922 Japan chooses to make the sword of war, and the masses of the Pacific will be tempted to strike. That she has the power to do this is beyond question.

This is a very brief statement of some of the factors which are likely to be the outcome of the conference in Washington. It is the conclusion? That there will be more serious war unless the following reforms are adopted: First, the United States should help the Russian people to get to work producing food.

SOUTH AFRICA HAS VERY BIG RACE PROBLEM

The Associated Negro Press: "The Associated Negro Press, Nov. 9.—That South Africa has a very big race problem was expressed by Dr. D. A. H. M. in a speech at the annual meeting of the South African Bantu Congress in Johannesburg.

"Some men dream of a white South Africa, and some dream of a black South Africa. The problem is to find a way to solve the race problem in South Africa."

Dr. Hunter described in some detail the all-around work that is being done at the University of the Witwatersrand in Johannesburg.

The Colored American—His Facts

From The Bystander

As we turn back the dusty pages of history and attempt to read the story of the black man's life, we find the Egyptians lighting the torch of civilization that has come down through the centuries. The black man has been the torch-bearer of civilization, and he is still burning with power throughout the world.

At the close of the civil war the Negro was a slave. He was a slave in the body and in the mind. He was a slave in the body and in the mind. He was a slave in the body and in the mind.

The first change in American history was a Negro vote. The Negro vote was a change in American history. The Negro vote was a change in American history.

There are nearly a hundred towns and settlements in the United States which are almost entirely Negro. These towns are the result of the Negro vote.

entered upon his work with that responsibility, that is only characteristic of a master of his situation. He can carefully say that this is a pastor that not only has the good will of all his members, but the respect and esteem of people of his kind, that he is the best that has ever been in our life city. From a point of business, it is the ability to do things that are necessary to do, that is the thing that is necessary to do. "The pastor," carried up the best report, according to our membership that was made at the conference. Since our pastor's return our congregations have grown wonderfully. We have had such a number of new converts, and our collections are superb. We are proud of such a man and we all think with such a leader great good will be accomplished for God and humanity. He has fulfilled his year's work in such a way that every member and friend of the church belongs to some one or more of our many auxiliaries. Sunday was a high day in Zion. The pastor presided at a logical sermon from the subject: "The Spiritual Tree." All the people seem to enjoy it; at 8 a. m. he had his usual visit and held his audience spell-bound for thirty minutes. At 11:30 a. m. he held his usual service. Quite a few of our best members were out. The church is getting on just fine. There are many improvements that are needed and we expect the Lord, being our helper, will make them. The pastor has made quite a few calls recently to see the sick. He has visited with Mr. and Mrs. Saunders, on West Missouri, Miss Harry Wood's little girl and boy on Taylor and Mrs. McGraw near Meacham Park. When you want to be in a good Sunday morning service, come to Zion Church. The pastor will never regret it. If you want the news, get the Argus.

CAPE GIRARDEAU, MO.
The return of Rev. Curry to the pastoral charge of St. James A. M. E. church, Cape Girardeau, Mo., will be a source of joy to many of the leading lights and an expression of this fact was made on Wednesday night, November 10, when a large number of the congregation gathered for a social hour. The church is a fine building and the pastor is a fine man. The church is a fine building and the pastor is a fine man.
